BLOCK RELEASE - CERTIFICATE COURSE IN PALLIATIVE NURSING for Professional and Enrolled Nurses

WHAT IS PALLIATIVE CARE?

The WHO defines palliative care as “an approach that improves the quality of life of patients and their families facing problems associated with life – threatening illness, through the prevention and relief of suffering, the early identification and impeccable assessment and treatment of pain and other problems, physical, psychosocial and spiritual”.

The goal of palliative care is achievement of the best quality of life for patients and their families. Palliative care is not limited to end of life care; many aspects of palliative care are also applicable earlier, in the course of the patient's illness in conjunction with other treatments.

Palliative care is an integral part of every nurse's role. This course equips the nurse with a set of competencies required to provide quality palliative care services and education at all levels and settings of care.

This certificate course is a combination of theory, practice and clinical work which aims to improve patient care through improved palliative nursing knowledge, skills and performance.

WHO SHOULD ENROLL?

This course is open to all professional and enrolled nurses currently registered with the South African Nursing Council.

WHAT DOES THE COURSE ENTAIL?

Course work is divided into 4 modules.

Module 1: Principles and practice of palliative care.

Module 2: Theory and practice of symptom control.

Module 3: Communication skills in palliative care.

Module 4: Theory and practice of psychosocial, spiritual and supportive care.

In order, to receive a certificate of competence learners need to meet the following requirements:

Contact teaching

- Attend 4 contact teaching session blocks for a full day from Monday - Friday.
- Attend a minimum of 80% of all contact teaching.

Clinical work

- 60 hours of clinical work must be completed at approved sites. These hours are in addition to the contact teaching time. (Candidates are advised to discuss this with their employers.)

Workplace tasks

- Learners are required to complete prescribed palliative nursing tasks within their own work environment

Communication assessment

- A role play interview is used to assess communication skills and attitudes.

Final written examination

- This is an examination conducted nationally.
- Learners must successfully complete prescribed minimum standards, in order, to write the examination.
